We at United Local are proud and excited to invite all past, current, and future families to our Groundbreaking Ceremony Saturday, May 20th at 1:00 PM at the current HS parking lot and future home to our new PK-12 campus!

It has been a long planning process. We are incredibly grateful to the staff, students, parents, and community members who have participated in planning a state-of-the-art learning facility that aims to create an engaging and stimulating learning environment along with modern safety concepts as well.

A new building is only a part of our commitment to providing our students with quality education and real-life problem-solving skills. We believe this investment in our infrastructure will pay huge dividends in the future and ensure that our students have every opportunity to learn and succeed in their individual goals.

In this packet, we have included a narrative and map detailing next year's logistics plan. Due to construction, we will only be able to utilize the current elementary office for entry and exit. With that in mind, all students, PK-12, will be on the 7:40-2:40 schedule. This will allow us to utilize all our resources during the school day to ensure the least amount of disruption.

We are eager to have your child experience our new building and provide them with an inspiring learning environment. If you have any questions or concerns regarding the new building, please do not hesitate to contact us.

Thank you for your continued support and involvement in our school community.

Sincerely,

Lance Hostetler
Superintendent
